PARENT/GUARDIAN APPROVAL AND RELEASE: I hereby request and give permission to Camp Tournesol's counselors to assist my child in administering his/her prescribed medicine according to instructions completed above and to the best of their ability. I/We agree to release and indemnify Camp Tournesol staff, volunteers and principal of any claims that may arise as a result of any errors or negligence in administering the described medication (including epipens) with regards to but not exclusively, dosage, timely administration of the medication (including epipens).

Signature of Parent/guardian: _____ Date: _____

Important Note: We of course have at heart the utmost safety of all the children at our Camp and want to ensure that everyone has a fun and safe experience. If another camper brings peanut products to the camp inadvertently, we will separate your child. If your child comes to camp without his/her EpiPen, you will be contacted and will have to bring one to the campus before your child can participate in any activities depending on severity of allergies. We cannot guarantee a nut/peanut free environment. We do however seek to reduce the risk of exposure and therefore discourage campers from bringing any nut/peanut products to the camp.
