

WATER DAYS

Join us Thursdays for Water Day at Camp Tournesol. Every camper gets to join in the fun each Thursday at Camp T. Here are some examples of some of the fun games we will be playing on our legendary Water Days!

SLIPPERY SPONGE RELAY

In this fun filled games, campers eagerly soak their sponges in the buckets, absorbing as much water as they can. Then, balancing the dripping sponges on their heads, they sprint towards the finish line. But wait - it's not that easy! The slippery sponges make every step an adventure, creating hilarious moments as they try to keep the sponge in place. Laughter fills the air as some campers opt for a slow and steady approach while others go for the slippery sprint!

BALLOON TOSS BONANZA

As the day heats up, the Balloon Toss Bonanza offers a refreshing and exciting challenge! Campers pair up, each duo standing a few feet apart, armed with a water balloon. The aim? To toss the balloon back and forth without letting it burst!

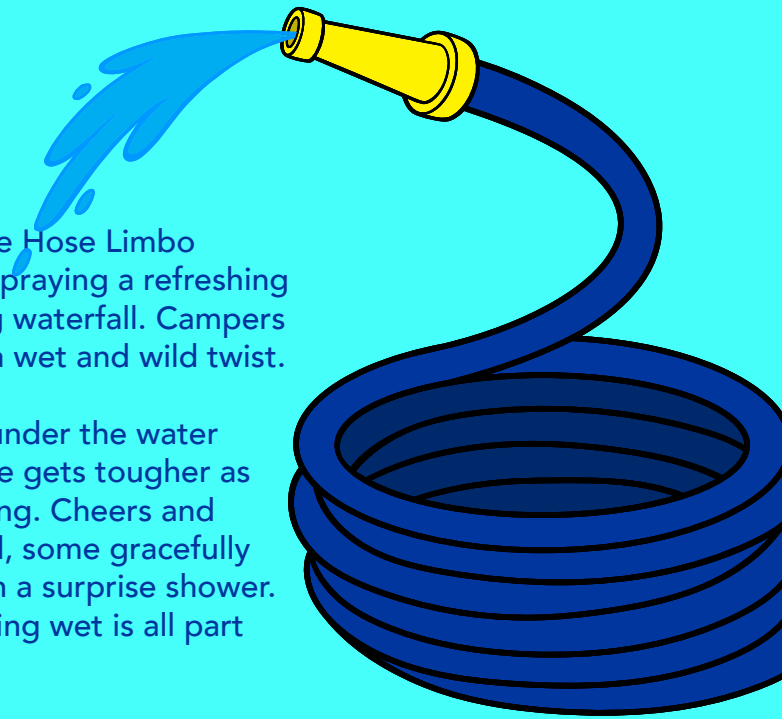

The tension rises as the distance between partners increases, testing their coordination and teamwork. Who will be the last pair standing with an intact water balloon?

HOSE LIMBO EXTRAVAGANZA

Get ready for a twist on the classic limbo with the Hose Limbo Extravaganza! The camp staff sets up the hose, spraying a refreshing mist of water into the air, creating a cool, arching waterfall. Campers line up, eager to show off their limbo skills with a wet and wild twist.

One by one, they take turns bending backward under the water arc, trying to avoid getting soaked! The challenge gets tougher as the hose is lowered, making the limbo more daring. Cheers and applause fill the air as campers shimmy and bend, some gracefully gliding under the water, while others end up with a surprise shower. It's a game of flexibility and laughter, where getting wet is all part of the fun!

SPONGE BUCKET BRIGADE

Get ready for a cooperative water challenge that requires quick thinking and teamwork - the Sponge Bucket Brigade! Campers form a line from a starting point to a large bucket filled with water. Each camper holds a sponge, and the aim is to pass the water from the bucket to a designated container at the end of the line using only the sponges!

When the whistle blows, the fun begins! The first camper soaks their sponge in the bucket, then passes it overhead to the next camper, who does the same. The soaked sponges travel down the line, dripping water as they go. The last camper squeezes the sponge into the container, trying to fill it as much as possible before time runs out.

SLIP 'N' SLIDE MARATHON

The grand finale of Water Day is the Slip 'n' Slide marathon. With a running start, they launch themselves onto the slippery surface. Whether campers choose to go on their bellies or on their knees, it's a highlight for our campers for all ages!
